## Put Your Heart Into the Country

# Win a colour & style consultation

Joy of Colour expert Michaela Jedinak is offering a style and colour consultation, worth £450

The prize includes:

### 1. Colour consultation

Michaela will ask about your lifestyle, clothes, make-up, shopping habits and what you like to wear. By looking at the way your skin tone, eye and hair colour work together she'll show you how to wear the colours from your personal palette and ways in which you can use these colours to complement your unique colouring.

She will advise you on what your neutral colours are and how they work best for suits, jackets and trousers. You'll then be shown how you can use accent colours to give your outfit the WOW factor.

You'll also receive a full make-up makeover in colours that complement your skin tone and features, along with a list of suitable make-up shades, so you'll leave looking great! You will also receive a digital colour swatch of your personal colours with unique tips on how to wear your colours. (Fabric swatches available at an additional charge of £40).

The colour consultation includes:

- What your dominant colouring is and how this determines what colours suit you
- Why certain shades complement your natural colouring more than others
- A complete make-up makeover in the right colours with tips on the make-up that suits you naturally
- How to wear and combine colours to achieve the look you want in both work and play
- How to better work your wardrobe and achieve more outfit combinations without having to buy more clothes
- How best to wear the colours you already have
- Where to find your colours this season

Worth: £85 ( 1 hour) per person

### 2. Style Consultation

By considering your body shape, personality and budget, a Style Consultation will help you select clothes and accessories that flatter your shape, make you look great and feel more confident.

A style consultation will show you how to:

- Select the most flattering styles and fabrics for your body shape
- Emphasise what you like about your body and disguise what you don't

Go

- Achieve a perfect fit every time when buying clothes
  - Express your personality through your wardrobe
  - Avoid shopping disasters
  - Develop a wardrobe that co-ordinates so you get maximum usage from it
- Dress with confidence, whatever the occasion
  - Reduce time and frustration looking for the perfect outfit

#### How the style consultation works

You will start off by filling in a short questionnaire to help the consultant determine your 'style personality.' Then you'll discuss your body shape and learn how to make the most of your good features and how to take attention away from the features you don't like. Advice will cover tailoring, clothing styles, fabrics, patterns and accessories, as well as places to shop.

Take up to 8 items of clothing along to the consultation - clothes you are not so sure about wearing but at the same time not ready to put them away - so that you can see in practice what you have learnt throughout your style consultation.

Worth: £95 ( 1 hour) per person

Michaela will then spend three hours as your personal shopper as you put her tips into practice in the London shops (your purchases aren't part of the prize though!).

Michaela is based in Belsize Village near Belsize Park and Hampstead. Visit her website [www.joyofcolour.com](http://www.joyofcolour.com) for more information.

Enter the draw for this fantastic prizer [here](#). Select the code "cl4" in the 'Magazine and Competition' drop down menu, and type 'no question' into the answer box.

Closing date for entries: 8 January 2007
